

800-lb Trucks

800 # Center Load - TKS08004

MATERIAL HANDLING APPLICATION:

These Stainless Steel trucks are designed to be used in food processing plants or to move food products from one operation to another. The 800-lb capacity (14.4 cu ft) trucks are available in two styles, Center Load and Standard.

AVAILABLE OPTIONS:

- » 1-1/2" NPT threaded Drain and Cap

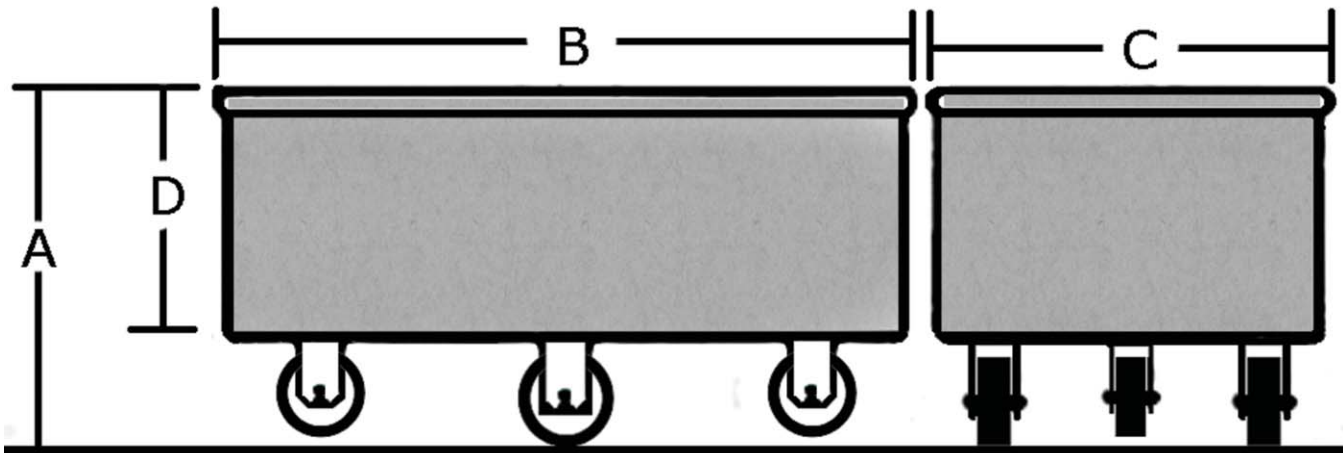

800 # Standard - TKS08001

MATERIAL CONSTRUCTION:

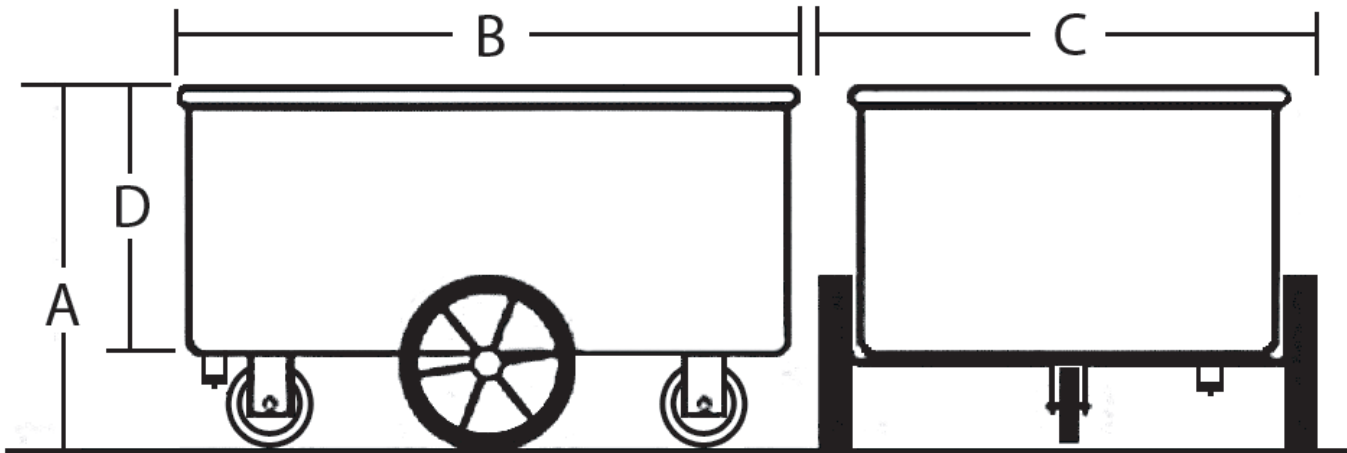

These 800-LB Trucks are made with heavy-duty 14 gauge T-304 Stainless Steel, our truck bodies are continuously welded for strength. We've added solid rod reinforcement in the top ends and corners for added strength. Interior welds are Tig welded and glass bead blasted smooth. The exterior is Mig welded for added strength. All Sanitary corners have a 1" radius for easy cleaning. The TKS08003 and TKS08004 feature larger 14" x 2.5" Rubber tread center Load Wheels which allow for maneuvering over uneven surfaces, even with heavy loads. The TKS08001 and TSK08002 have 8"x 2" center wheels which allow the truck to turn in tight spaces even with heavy loads and have 6" x 2" wheels on each end. The optional 1-1/2" NPT threaded Drain and Cap is for easy cleaning.
