

Skinning Cradle

APPLICATION:

Our portable skinning cradle is designed for general utility use in small and medium-size plants. Designed for legging and siding beef or for skinning hogs. This portable skinning cradle is designed to keep the carcass off the floor for clean hides, free of blood and raised to an easier working level. Features width adjustment that is simple and quick, suitable for any size beef.

FEATURES:

- » Features width adjustment that is simple and quick, suitable for any size beef.
- » Maximum width when fully expanded is 24".
- » Minimum width when collapsed 11".

MATERIAL CONSTRUCTION:

Constructed of 1-1/2" T-304 stainless steel pipe with cross-supports of 3/8" x 2-1/2" stainless steel bars. Unit is equipped with two 5" x 2" rigid and four swivel casters with a foot action floor stop mounted on swivel end.
