# Table Multi-Option

MADE IN U.S.A.

Multi-Option Cutting Board Table - TB101012

Optional - Overhead Shelf

Optional - Back Splash (Poly Top Table Only)

Replaceable Table Tops

Multi-Option Wrapping Table - TB101014

Optional - Lower Shelf

Used in Bakeries, Restaurants and the food processing industry our Stainless Steel Multi-Option Tables are extremely versatile and all options can be field installed making it the perfect starter table. Available in two sizes the working surface measures 30" x 72" or 30" by 96" and can be ordered with either a Poly Top or Stainless Steel Top. Both are rugged in design and will provide years of service at a considerable price savings over our heavy duty packing house tables.

Optional - 5" Casters

MATERIAL CONSTRUCTION:

Our table frames are constucted using T-304 Stainless Steel square tube. The legs are adjustable for leveling table and come complete with durable poly inserts that will accept a "Stem Caster (sold separately). The 6' table has (4) 34" Legs - 8' table has (6) 34" Legs. Tables are shipped knock-down but when assembled they are as sturdy as a fully welded table. Tool needed for assembly is included.
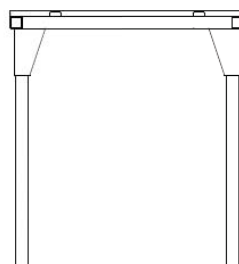

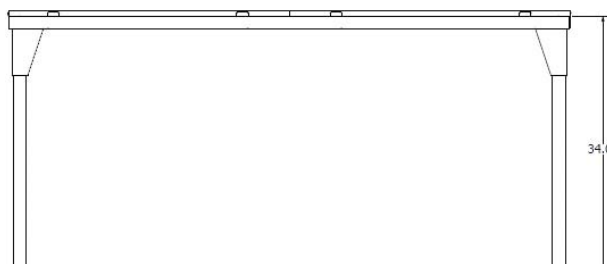

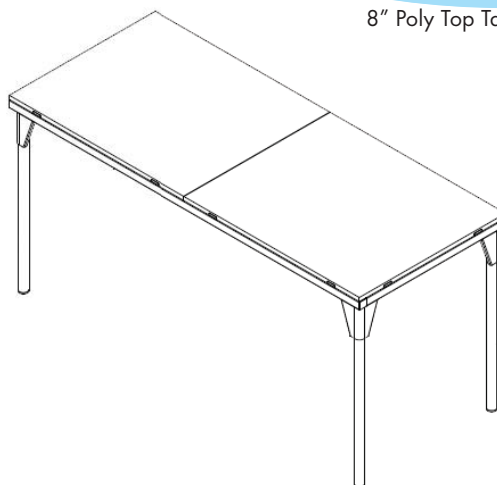

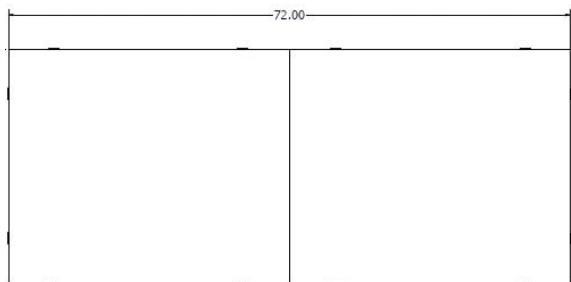

6' Poly Top Table shown with all options
